The AC8345 is a solid metal monitor arm suitable for one monitor up to 49” and 20kg with VESA 75x75 and 100x100. Curved screens up to 20 kg and VESA 75x75 and 100x100 are also supported.

## Pole-mounted design for extended height adjustment

The pole-mounted design provides extended height adjustment compared to conventional monitor arms, making it ideal for tall users, ergonomic workstations and sit-stand desks. The monitor can be positioned at the optimal viewing height and can even be used in portrait orientation. The maximum height of the monitor arm is 69 centimeters, measured from the desktop to the center of the VESA plate.

## Ideal for flexible, ergonomic workspaces and sit-stand desks

If you work in an office with flexible workspaces, it is ideal to use the AC8345 monitor arm with gas spring. Easily adjust height and depth without tools by using the gas spring. The tension of the gas spring can be adjusted.

Tilt, swivel and rotate the screen to create the ideal ergonomic workspace and reduce the risk of neck, back and shoulder strain. The cable management system keeps cables out of sight.

## Top side mounting bracket for easy installation and a stylish clean look

Easily mount the AC8345 to a desk with the top mounting bracket. The clamp is secured from the top side instead of the bottom side. This ensures easy installation and saves space when mounted on a table for a clean and stylish look. The VESA plate is fully detachable, making it easy to attach the monitor to the mount. An anti-theft screw is included.

All mounting gear for both clamp and grommet mounting is included for attaching to and through a desk. Max. desk thickness 45mm.

*Please note: The monitor size is an indication and depends on the maximum weight capacity and VESA compatibility. The maximum size of 49 inches applies to horizontal use. For vertical use, the maximum size may be smaller.
