Virtually borderless

Narrow bezels for a more immersive view

90 Hz refresh rate

Fluid, seamless screen experience

New dimension in sound

Listen to your favorite entertainment on dual stereo speakers to hear improved bass, cleaner vocals, and more clarity at higher volumes. And immerse yourself in the multidimensional sound of Dolby Atmos® audio.

Leave power worries behind

Do your thing for longer with the mighty 5000 mAh battery – and then fuel up fast with TurboPower™ 30 charging. Get hours of battery life in just minutes of charging1 – and get back to what matters sooner.

Life on the move

Wherever you are, enjoy smoother gaming and streaming, along with advanced camera capabilities, with the performance boost of a 25% faster3 chipset in the Qualcomm® Snapdragon® 680 processor.

Make the moment look its best

Capture clear shots in any light with the 50 MP triple camera system. Ultra-wide angle, close-up, day or night – your camera is ready to shoot (and score) at any moment. And with Night Vision and Quad Pixel technology, photos taken in low-light settings still look vibrant.

Touch access

Unlock your phone with your fingerprint – no need for a passcode.
