M VESA Flexarm XL Full Motion Dual ends an era of bulky and heavy arms needed to flex, tilt and turn. If your aim is to find a discreet partner for that new LED, LCD or plasma in a light weight, super strong solution not visible from any side yet giving you a maximum flexibility then the M VESA Flexarm Full Motion Dual is your choice.

The uniquely designed low profile M VESA Flexarm XL Full Motion Dual mount fits most 40" and up to 85" flat panels up to 45 kg. It is very well-suited for those applications where seamless integration counts the most. The M VESA Flexarm XL Full Motion Dual is part of the Slim Series of fixed, tilt and cantilever mounts offering a slim design without compromising on functionality. Moreover, this wallmount has an extended profile of 500 mm from the wall.

The specifications this product reveals are simply incredible.

Super Slim defines the minimal 46 mm of the low profile to wall. It extends to a maximum of 500 mm
