R2,016

Designed to fit the Kensington Nano Security Slot™, Kensington’s NanoSaver® Portable sets the professional standard for securing ultra-thin devices. Complementing the innovative Kensington Nano Security Slot™, and Kensington’s Hidden Pin™ technology keying system, the NanoSaver Portable secures the next generation of laptops and tablets. Providing the same quality and strength as the world-renowned MicroSaver® and MicroSaver® 2.0 Locks, the NanoSaver Portable provides innovative device security.
