The Turtle Beach Stealth Pro II Wireless Gaming Headset delivers uncompromising audio performance and versatility. Officially certified for Hi-Res Audio Wireless, it provides 24-bit/96kHz wireless sound via an ultra-low latency 2.4GHz USB connection. Featuring 60mm Eclipse dual drivers, Dolby Atmos Spatial Audio on PC, and adjustable Active Noise Cancellation, it delivers an immersive, high-fidelity sound with exceptional clarity and detail.

The exclusive CrossPlay 2.0 system supports up to four connected transmitters, allowing seamless switching between PC, PlayStation, and more, while Bluetooth 5.3 enables simultaneous mobile pairing for calls or music. Communicate clearly with a unidirectional 9mm floating microphone featuring AI-based noise reduction and upgraded beamforming mics, all customizable through the Swarm II app. Dual 40-hour swappable batteries, quick charging, premium memory-foam comfort, and an included hard storage case complete the ultimate wireless gaming headset.
