wireless signal performance.

**MESH ROUTER**

The AmpliFi HD (High Density) Mesh Router takes advantage of AmpliFi's powerful performance and software features. Optionally, you can connect additional AmpliFi Mesh Routers or AmpliFi MeshPoints to expand range coverage.

**Not Just a Wi-Fi Router, It's a Wi-Fi System**

AmpliFi is more than a common home router: it’s the ultimate Wi-Fi system. With turbocharged 802.11AC Wi-Fi, AmpliFi utilizes multiple self-configuring radios and advanced antenna technology to bring ubiquitous Wi-Fi coverage to any home.

**Wireless, Boosted**

The AmpliFi MeshPoint features an adjustable Super Antenna and fits discreetly in any household, wherever dead spots need coverage. Add MeshPoints as needed to an AmpliFi network or turn an ordinary router into a powerful mesh network. Signal strength LEDs are integrated into the design to ensure the system is positioned for optimal performance.

**Your Wi-Fi Router is No Longer Something to Hide**

Designed from the outside in, AmpliFi is meant to be a showcase piece for the modern home.

**Perfected User Experience**

The intuitive AmpliFi app allows instant setup, configuration, powerful reporting metrics, and easy guest access. The mobile app is available for download on Android and iOS smartphones.

**Guest Access Simplified**

AmpliFi utilizes an open time window concept to allow instant guest access without the security compromise and inconvenience of password sharing.
