R4,293

The Tornado TST-550M-GS 7-in-1 Multi Capsule Coffee Machine with Milk Tank is built for those who demand variety without compromising quality. Powered by a 19-bar pump and dual thermoblock system, it heats up in just 20 seconds and maintains optimal brew temperatures using PID control and pre-infusion for full flavor extraction.

This model includes a built-in 0.3 L milk tank and auto frother, offering customizable micro-foam for creamy lattes and cappuccinos. The intuitive LCD screen and tactile buttons ensure smooth operation with every brew.

Designed to accommodate multiple formats, it comes with 7 interchangeable adapters for Nespresso®, Dolce Gusto® (1 & 2), Lavazza®, Lavazza Blue®, Caffitaly®, and ground coffee. With a 1-liter removable water tank, dishwasher-safe parts, automatic descaling, and a removable brew group, daily use and cleaning are effortless.

Compact and elegant in stainless steel and ABS, the TST-550M-GS fits perfectly into any kitchen,
