Quick preparation: Thanks to 1,800 watts of power and a special copper heating element, 4 crispy sandwiches or 8 snack corners can be prepared in just a few minutes – ideal for quick meals and snacks. Automatic & even heat distribution: Automatic temperature control and thermostat ensure rapid and even heat. Solid die-cast aluminium plates with baking troughs and dividers heat up quickly and ensure ideal browning at around 200 °C and crispy results. Versatile applications: Perfect for classic XL sandwiches (approx. 12.5 × 12.5 cm), paninis, toasts and creative recipes such as filled wraps, apple pancakes, mini tortillas or omelettes. 1.5 cm deep baking plates (many appliances only 9 mm) allow for particularly generous fillings. Non-stick coated plates: Easy cleaning thanks to high-quality double non-stick coating – no sticking. Intuitive operation: Touch display with operating and temperature indicator lights, time setting in 10-second increments up to 9:59 minutes, countdown timer and audible signal when baking time is complete. Space-saving & well-thought-out design: Raised ridges seal the edges of the snacks and separate the triangles. The wave pattern
