

Conceptronic AVODIA01W EU Smart Plug 16A, Compatible with German & French Outlets

Model: AVODIA01W

Manufacturer: CONCEPTRONIC

EAN: 4015867245682

Product Code: 1746038

R1,018

The Conceptronic AVODIA01W EU Smart Plug provides a simple and convenient way to control electrical devices from a smartphone. Connect the smart plug to a 2.4GHz Wi-Fi network and use the compatible app to switch connected devices on or off remotely.

With timer and scheduling functions, users can automate lights, household appliances, and other electrical equipment according to their daily routines. No additional hub is required, allowing for quick and straightforward installation.

Supporting loads up to 16A, the Conceptronic smart plug is suitable for a wide range of home and office applications. Compatibility with Amazon Alexa and Google Home enables convenient hands-free voice control.
