Electric Rescue Action in a Modern VW Design

Innovative e-mobility meets exciting rescue missions

The real VW ID. Buzz impresses with its futuristic design and fully electric drive system. As an ambulance, it combines sustainable e-mobility with rapid emergency response – a vehicle that fascinates both children and vehicle enthusiasts alike. This siku toy car brings the world of modern emergency services straight into the playroom. The striking red and yellow design, blue emergency lights and distinctive paramedic lettering make the VW ID.Buzz instantly recognisable.
