Pneumatic spring technology provides the MT201DRG with the ability to support almost all screen sizes from its high weight capacity. The RGB lighting also sets the mood for an immersive environment.

Maximize Workspace Efficiency

MPG MT201DRG saves space by lifting screens off the desk and allowing flexible positioning, optimizing workspace and enhancing aesthetics.

VESA Quick Release

Featuring a quick installation/release, our monitor arms offer swift setup, ensuring minimal downtime and maximum productivity.

Limitless Potential

Level up your gaming experience with our monitor arms, offering full adjustability for the perfect viewing angle for every situation.

Game in Style with Dynamic RGB LED

Dazzle your gaming setup with 20 dynamic RGB LED modes for an immersive experience.

Enhanced Stability

No more screen size constraints with our spring arm design, offering stability and effortless adjustability.

Streamlined Solutions for Tidy Cables

Keep your wires organized and out of sight for a distraction-free gaming experience.

Two Ways to Install

Tool-free monitor arms for hassle-free installation or seamless grommet mounting.
