Roborock S8+ 0.35 L White

Model: S8P02-00

Manufacturer: ROBOROCK

EAN: 6970995786545

Product Code: 1746714

R10,463

Forget About Cleaning, Really.

Free your time and let Roborock S8+ do the dirty work. Experience the next level of cleaning with our latest technology – DuoRoller™ Brush and VibraRise® Mopping System. Coupled with the RockDock™ Plus, the smart cleaning experience has never been easier.

Handles Your Dirty Work

After cleaning, the robot vacuum automatically empties itself into the 2.5L dust bag, storing up to 7 weeks of dirt and dust without manual intervention, keeping you stay away from dirty work for longer.

The Perfect Cleaning Duet

The all-new dual rubber brushes enhance vacuuming and ensure fewer hair tangles, taking hands-free cleaning to the next level. From hardwood to tiles, and even carpets and rugs, hair and dirt are easily swept away.

Hair? Dirt? Dust? Nowhere to Hide.

With the improved HyperForce® suction power of 6000 Pa, even the smallest particles can be sucked up effortlessly by the Roborock S8.

Level Up Your Carpet Cleaning

Carpet cleaning is a breeze with Roborock Carpet Boost+ system that’ll leave your carpet mess-free from pet hair to bread crumbs.

Mop with the Power of Sound

Experience the power of sonic vibration technology that scrubs with consistent pressure to leave floors gleaming.

Smart Enough to Stay Out of Troubles

With 3D structured light and infrared imaging technology, Reactive 3D Obstacle Avoidance system can help the robot vacuum identify and avoid potential hazards on the floors, in both bright and dark rooms, bringing you a worry-free cleaning experience.

The Best Route, Everytime

PreciSense® LiDAR Navigation system is the brain behind your robot's extraordinary ability. It’ll scan and create detailed maps to find an optimal route to clean your home, leaving dirt with no escape.

Customizable App Features

With Roborock App, cleaning control is just in your hands.

Smart Suggestions for No-Go-Zones

Automatically detects easy-to-get-stuck places and suggests No-Go Zones to prevent your robot vacuum from getting caught in small spaces. You can also draw Invisible Walls that block certain areas from your robot vacuum’s entry in the Roborock App.

Map Quicker, Clean Faster

Experience fast and effective cleaning as your robot vacuum can create a map up to 6 times faster before the first cleaning task and can clean your daily area 30% faster when needed.

Custom Cleaning Routines

Decide on your time when the robot vacuum cleans with custom cleaning schedules, and set cleaning routines for particular areas in the house regularly or on demand.

Multi-level Mapping System

Have a house with more than one floor? Multi-level mapping automatically recognizes distinct levels of your home. All you have to do is put the robot down. No additional docks or app identification is needed. Up to four floors supported.

Off-Peak Charging Supported

You can choose off-peak times to charge to save on power as well as the costs of using peak-time electricity.
