

Lanberg AK-1902-B rack accessory Ready rail

Model: AK-1902-B

Manufacturer: LANBERG

EAN: 5901969441093

Product Code: 1746958

R1,135

The 650-1090mm sliding rack rails are designed specifically for mounting heavy equipment in racks, providing robustness and strength. The height of the rails is 1U, which minimizes the space taken up.

Their adjustable dimension from 650mm to as much as 1090mm allows them to adapt to different rack depths.

With a maximum static load of as much as 90 kg, you are assured that your devices are safe and provide stable mounting.
An example application of the rails is mounting UPS, servers, battery packs and other heavy equipment with them.

You will also find a set of M6 screws in the kit, which makes the mounting process easier and faster.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
