

TP-Link Archer AX72 wireless router Gigabit Ethernet Dual-band (2.4 GHz / 5 GHz) Black

Model: ARCHER AX72

Manufacturer: TP-LINK

EAN: 4897098687215

Product Code: 1746988

R3,366

Wi-Fi 6 Upgrades Everything

The latest generation of Wi-Fi technology brings faster speeds, less lag, and higher capacity, enabling more simultaneous connections on your home network.

Warp Speed for

Smooth 8K Streaming

Drastically improved speeds enable streaming, fast downloading, and gaming, all at the same time. Need to go faster?

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Hop on 5 GHz with full speed-boosting features to stream multiple 8K videos without lagging.

Extensive Wi-Fi Coverage with Advanced Technology

Enjoy stable Wi-Fi connections, even in the kitchen and bedroom. High-Power FEM, 6× Antennas, Beamforming, and 4T4R structures combine to adapt Wi-Fi coverage to perfectly fit your home and concentrate signal strength towards your devices.

Connect

100+ Devices

Easily handle dozens of devices streaming and gaming at the same time — OFDMA and MU-MIMO combine to future-proof your home network by providing greater capacity to connect more devices.

OFDMA

Enables different devices to share one transmission stream, increasing efficiency.‡

MU-MIMO

Transmits data to different devices simultaneously using multiple streams.**

Designed to Be Cool

The slant rectangle atop of the scaled armor design provides a contemporary aesthetic. The vent design takes up 167 cm² (25 in²) of its top surface for improved heat dissipation, unleashing the whole machine's full power.

TP-Link HomeShield:

Advanced Security for Unlimited Clients

HomeShield protects all connected clients against DDoS, malicious sites, and port intrusion, delivering a safe network environment for your data and privacy.

Enhanced IoT Security

HomeShield identifies IoT devices, including cameras and voice assistants, to block all potential security holes and secure your privacy.

DDoS Attack Prevention

HomeShield will record abnormal incoming traffic, and the device will automatically block requests from enlisted IPs.

Robust Parental Controls

Manage online time and block inappropriate content to keep your family safe online.

Leading Security by Avira®

Avira, an award-winning tech company, relied on by 500 million users, powers HomeShield and continually updates it, ensuring your network stays care-free.

TP-Link OneMesh™: Flexibly Create Whole Home

WiFi with Archer AX72

Want to build a whole-home Wi-Fi? Archer AX72 supports OneMesh to form seamless whole-home coverage, preventing drops and lag when moving between signals.

Easy Setup and Use

Whether you prefer the intuitive Tether App or the powerful web interface, you can set up your Archer AX72 in minutes. The Tether App allows you to manage network settings from any Android or iOS device.
