# Sony UOULTMIC1 Black Karaoke microphone

Model: UOULTMIC1.CE7

Manufacturer: SONY

EAN: 4548736165502

Product Code: 1748090

## R3,074

Designed especially for compatibility with the ULT POWER SOUND series, the ULTMIC1 will have your karaoke sounding better than ever. With a wind and handling-noise reducing design, you'll get clearer vocals, and Duet Assist will smooth out the sound when two people are singing.

## Noise Reduction in any environment

The noise minimising design helps ensure that sound from your hands, breath or wind interference won't interrupt your premium sound experience.

## The ultimate duet experience

Duet Assist automatically balances the volume of each voice when two people are singing. So, even if your own karaoke harmonies aren't always perfect, you'll still be assured of well-matched sound

levels between the two microphones during duets.

## A plug-and-play experience

The ULTMIC1 is supplied with a receiver. Then plug it into a mic input to instantly connect two great-sounding wireless mics for karaoke. Plus, even at a distance, you can enjoy the freedom to perform without compromise, enhancing your karaoke experience.

## Durable and built to last

A built-in silicone damper helps reduce damage to the internal microphone module and minimises the impact of accidental drops during your parties.

## Sing for up to 20 hours

Even the most committed karaoke stars won't exhaust the 20 hour battery life. The 20 hour microphone and receiver can also charge right from your ULT POWER SOUND speaker's USB port, with up to 120 minutes from just a 10 minute top-up.

## Aiming to achieve a zero environmental footprint

Inspired by the beauty of the world, we are doing our part to help preserve the Earth while still offering superior sound quality and listening experiences. Our goal is achieving a zero environmental footprint across the entire Sony Group by the year 2050, and we are fast-tracking numerous environmental initiatives.

## Environment in mind

Our products are designed not only to provide excellent sound quality, but also to consider the environment. Recycled Plastic is partially used for the body of the ULTMIC1. No plastics are used in the packaging material. This reflects how we strive to reduce the environmental impact of our products.
