Sony FE 85mm F1.8 MILC/SLR Telephoto lens Black

Model: SEL85F18.SYX

Manufacturer: SONY

EAN: 4548736058354

Product Code: 1748571

R16,742

Portrait-perfect sharpness and bokeh

There’s nothing like the sharpness and smooth bokeh of a well-designed mid-range telephoto prime lens for portraiture, and the SEL85F18 is a standout choice. It features a compact, lightweight design for mobility, with high-performance optics and a large F1.8 maximum aperture that deliver outstanding image quality. An excellent second lens for both full-frame and APS-C camera users.

Fine prime-lens performance

ED glass for chromatic aberration compensation, a 9-blade circular aperture, and carefully controlled spherical aberration contribute to superb sharpness and smooth bokeh.

Mobile and manageable for active shooting

A compact, lightweight (371g, 13.1 oz.) design that is ideally matched to the α7 series offers a great blend of portability and high image quality for portraits, events, and more.

Quiet, precise focus drive

A double linear motor system directly drives the lens’s focus mechanism without intervening gears for precise, quiet operation that is ideal for movies as well as stills.

Quality build, versatile features

A customisable focus hold button, a wide and responsive focus ring, dust and moisture resistant design1, and other refinements add up to outstanding quality and versatility.
