Microconnect MC-BNC-58-50-2000 coaxial cable RG-58 20 m Black

Model: MC-BNC-58-50-2000

Manufacturer: MICRO CONNECT

EAN: 5715063477045

Product Code: 1749799

R889

The MC-BNC-58-50-2000 is a high-quality 20-meter BNC to BNC coaxial cable, designed for reliable signal transmission. Utilizing RG 58 cable with a 50 OHM impedance, this cable ensures minimal signal loss and optimal performance for a variety of applications. This cable is ideally suited for connecting various devices requiring a secure and dependable BNC connection, such as test equipment, video equipment, and radio frequency devices. Benefit from MicroConnect's 20+ years of expertise with this durable and precisely engineered coaxial cable, offering premium quality and performance at a fair price. Trust in our European design and quality standards for a reliable connectivity solution.
