ONYX BOOX Go 10.3 is a large-format 10.3" E Reader that allows you to take handwritten notes with a pen coming with the device. The model is equipped with a high-resolution E Ink Carta Plus (Carta 1200) screen with two sensor layers: a capacitive layer for finger touch and an inductive layer for working with a pen. The device is based on a high-performance hardware platform and a lightweight thin body (4.5 mm). The ONYX BOOX Go 10.3 runs on an 8-core processor and 4 GB of RAM, and 64 GB of non-volatile storage will be enough to store a large number of ebooks and documents. The built-in dual-band Wi-Fi module allows you to access the Internet and use network services, and

Bluetooth 5.0 support allows you to connect external devices and accessories. With the help of the pre-installed audio player, you can listen to the music and audiobooks. The Text-To-Speech function is also supported. The model runs on the Android 12 operating system and allows you to install and use third-party applications. The device has the Google Play app store for downloading and installing different third-party applications. The screen is covered with a special ONYX Glass protecting it from damages. Thanks to its large screen and possibility to make handwritten notes, the model will be an excellent choice for those who plan to work with documents and to write a lot. The ONYX BOOX Go 10.3 has no front light system and has been designed for working in external lighting.
