

TABLET ACTIVE 8 PRO 10 256GB/ACTIVE 8 PRO ORANGE BLACKVIEW

Model: ACTIVE8PROORANGE

Manufacturer: BLACKVIEW

EAN: 6931548321132

Product Code: 193774

R6,168

Ultimate Comfortable for All-day Use

Active 8 Pro is designed for convenience, with its 16.8mm ultra-thin body making it easy to carry around. The included padded leather strap provides extra grip support and comfort, effectively relieving the problem of hand fatigue during prolonged use, making it easier for you to use the device.

Designed to Tackle

Toughest Games Bravely

Blackview puts a premium on delivering unmatched ruggedness and reliability to industry experts and outdoor enthusiasts. With upgraded materials and improved design, Active 8 Pro is better equipped than ever to withstand even the most severe rugged challenges, allowing them to face

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. daily mishaps such as water damage, shock, and bumps with confidence and fully embrace their rugged lifestyles.

Thickened rubber corners provide better shock and vibration resistance, enhancing the grip's comfort and stability.

Tightly fitting the charging port cover prevents water, dust, and other debris from entering the port.

TPU soft rubber provides better durability and shock resistance while offering a more comfortable grip and improved anti-slip and anti-fingerprint effects.

A rugged one-piece body reduces the likelihood of the device becoming loose or cracked, increasing its lifespan and stability.

Built to Withstand Anything Nature Throws Your Way

MIL-SPEC Upgrading from 810G to 810H

With the latest revision of MIL-STD-810H, Active 8 Pro has been upgraded by Blackview to offer unparalleled protection against harsh environments such as water, dust, and drops. With the peace of mind and confidence to tackle any challenge, this device can be relied on in any condition.

Don't Let the Damp and Dust Slow You Down

Leading IP68 & IP69K Waterproofness

Choose Active 8 Pro for the ultimate sense of confidence - the perfect companion for outdoor pursuits and professional use. Its robust IP68 and IP69K waterproof and dustproof ratings eliminate any concerns in wet or dusty settings, allowing you to concentrate fully on your pursuits.

Your All-weather Adventure Partner

Operate in Extreme Temperatures Ranging From -40°C to +60°C

No matter if you're exploring the Arctic or trekking through the desert, Blackview Active 8 Pro can withstand extreme temperatures ranging from -40°C to +60°C (-40°F to 140°F), which is the perfect companion for conquering any adventure, providing you with peace of mind in the most hostile conditions.

Built Tough to Take on Anything

Tough Corning® Gorilla® Glass 5

Designed for rough environments, Active 8 is protected by tough Corning® Gorilla® Glass 5, providing exceptional durability and resistance to drops and scratches. With 5 times stronger drop resistance than the previous generation, you can rest assured that your tablet can withstand accidental drops and impacts.

Useful Toolkit

Empower your productivity with a suite of professional

Fearlessly Conquer Every Obstacle

No worries if coffee spills during work.

No fear of screen damage if accidentally dropped from the desk while studying.

Enjoy your favorite FHD+ movies worry-free while soaking in the bathtub.

Active 8 Pro endures whatever kids throw at it.

No concerns about pet claws damaging the screen.

Works seamlessly in extremely cold or scorching heat in the Arctic or desert regions.

Keep Going Stronger With Endless Power

Up to 1440-hour Standby

Say goodbye to battery anxiety with Blackview Active 8 Pro's gigantic 22000mAh four-cell solid-state battery. With up to 1080 hours of standby time, you can explore the outdoors for months without worrying about running out of juice. Keep your journey and work going strong with uninterrupted productivity and entertainment.

33W Fast Charge

Surge Back to Full Power in an Instant

Supercharge your Active 8 Pro with a lightning-fast 33W charge that keeps up with your energetic

outdoor lifestyle. And when you're geared up for action, Active 8 Pro is right by your side! In a mere 285 minutes, this mighty 22000mAh battery reaches full capacity, ensuring uninterrupted adventures that can span days or even months.

Your 22000mAh Power Bank in the Wild

Reverse Charging Support

When you're out exploring the great outdoors, Active 8 Pro's reverse charging support allows you to use it as a power bank to charge your other devices. With this feature, you can leave the bulky power banks at home and travel light without worrying about running out of juice.

Intelligent Charging Protection

Active 8 Pro features Intelligent Charging Protection, which prevents your tablet from overcharging during night charging by automatically stopping charging when the battery level reaches 80%. This safeguards against the risks of overcharging and ensures your safety while you sleep peacefully at night.

Customized Charging Mode

The Customized Charging Mode feature of the tablet automatically halts the charging process once the battery level reaches the desired limit that you've set, giving you full control over the charging process.

With the 22000mAh tablet, enjoy up to 160 hours of non-stop music listening while on the go.

Let your music accompany you up to 160 hours of continuous playback on your runs with the 22,000mAh tablet

Pedal along with the 22000mAh tablet providing up to 160 hours of non-stop music playback.

Enjoy immersive gameplay for up to 22 hours , keep the power flowing and the fun going.

Embark on an engaging mobile livestream that can last for up to 16 hours without interruption

Let the 22000mAh tablet power your journey with up to 160 hours of non-stop listening pleasure.

Active 8 Pro makes everything you do twice as convenient, whether you're working, studying, or gaming.

MediaTek HyperEngine 2.0

Lite Gaming Technologies

Resource Management Engine 2.0

Experience more immersive gaming with an intelligent resource management engine that delivers smoother performance in heavy game engines, demanding scenes, and intense gameplay.

The high FPS efficiency, hardware, and software optimization help reduce power consumption in high FPS game scenes, extending battery life without compromising user experience.

The CPU, GPU, and memory are intelligently and dynamically managed based on real-time measurements of power, thermal, and gameplay factors.

The networking engine provides faster response times and more reliable connections, allowing you to defer calls while gaming without dropping the data connection, ensuring you stay connected at all times.

8GB RAM + 16GB Expansion =Up to 24GB RAM

Effortlessly Juggle Multiple Tasks

Boost the performance of Active 8 Pro with 8GB of RAM and up to 16GB of RAM expansion, for a total of up to 24GB of RAM. Whether you're gaming, streaming, or working with up to 20 apps, you'll enjoy lightning-fast app launches, seamless multitasking, and smooth performance.

256GB ROM + Up to 1TB(1024GB)

TF Expansion=Up to 1280GB

Storage Freedom Awaits

Expand storage space with Active 8 Pro's 256GB ROM and support for up to 1TB TF cards, ensuring you never run out of storage. Save more photos, videos, music, documents, and games without worrying about storage limits. Enjoy seamless performance and quick access to your files, anytime and anywhere.

Chill Out, Game On

Graphite Copper Cooling System

Revel in uninterrupted entertainment and optimal performance with Active 8 Pro's exceptional graphite-based cooling system, which can lower CPU temperatures by Up to 17°C during heavy usage like gaming. Rest easy knowing your device stays cool, thanks to its superior heat dissipation.

Smart Pre-Loading

With smart Pre-Loading, Active 8 Pro anticipates which app you'll open next by learning your usage patterns and accelerates its start-up time by 23%, providing you with a faster and more seamless app experience.

Atomized Memory

Atomized Memory of Active 8 Pro is a powerful RAM optimization engine that examines the memory usage pattern of your apps and compresses the RAM used by each app into the smallest possible unit to ensure maximum RAM performance. This leads to faster app start-up times and 18% smoother multitasking, providing an improved user experience.

Low Memory Killer

Low memory killer (LMK) of Active 8 Pro is a feature that ensures smooth multitasking by allocating more memory and CPU computational power to the foreground app. It also intelligently reduces the memory usage of less important background apps to optimize system performance. This results in 16% more fluent multitasking and a smoother overall system experience.

The Latest Android 13

Upgrade in Personality & Privacy & Safety

Based on the all-new Android 13, Active 8 Pro offers enhanced personalization and strengthened privacy protection, while also making significant upgrades in terms of safety, providing individuals and businesses with the ultimate user experience.

Personality Upgrades

Like it was made for you.

And only you

There are more ways than ever to make Active 8 Pro look and feel like you. You can change the color

of the theme's icons based on changing the wallpaper.

Per-app language preferences

Always the right language

Assign different language settings to individual apps, so you can move fluidly between languages on your device, just like in real life.

Private Upgrades

Security that keeps your data protected all-day

From the moment you turn on your device, Active 8 Pro works to keep your data safe and secure. With Active 8 Pro, you have more control over what information apps can and can't access—including specific photos, videos, and clipboard history.

Notification Permissions

You're in control of which apps can send you notifications—helping you limit distractions.

Cleared Clipboard History

Active 8 Pro has safeguards built in to help protect your personal data. To protect the information on your clipboard, you'll get an alert when an app accesses it and your clipboard history will be cleared after a period of time to prevent unwanted access.

Privacy Dashboard

Check which apps can access sensitive data.

See which apps have accessed your camera, microphone and location in the last 24 hours. And decide which ones have your permission to continue doing so.

Safety Upgrades

Spam. Physical. Malware.

All Around Protection on Active 8 Pro

APP Lock

Secure your apps with App Lock for ultimate protection and peace of mind. Keep your personal data under lock, ensuring only authorized access to your sensitive apps.

Digital Wellbeing & Parental Controls

Embrace a balanced and secure digital world of Digital well-being & Parental Controls. Stay aligned with your screen time, manage app usage, and maintain a healthy equilibrium. For parents, Active 8 Pro offers robust Parental Controls, providing customizable restrictions, time limits, and content filtering to safeguard your children's online experience.

Always on protection

Constantly innovating to help keep you secure. Your device's built-in security is always working. Advanced intelligence and machine learning help to proactively protect you against new threats every day. And helps defend your data against bad apps, malware, phishing, and spam.

Set privacy boundaries

Take more control of your mobile privacy.

Seamlessly manage how your data is shared and used. Access all your privacy settings in one place and easily change permissions whenever you feel like it.

Prioritizing physical safety

Get help when and where you need it most.

Make it easier for first responders to find you in a moment of crisis. Receive alerts that can help you seek safety faster. And communicate with loved ones when you're in urgent need of help.

Upgrade User Interface in Design,

Fluency, Convenience

The new DokeOS_P 3.0 UI system based on Android 13, logically allocates system resources and makes efficient use of memory space. Equipped with a new octa-core processor, and comprehensively improved higher running speeds, you can enjoy a smoother user experience.

Discretionary Access Control

Achieve ultimate control with Discretionary Access Control (DAC), which empowers users to determine and manage data access, granting the freedom to assign permissions and define security levels, ensuring a personalized and intuitive user interface.

Security-Enhanced

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

Linux on Active 8 Pro

Security-Enhanced Linux is a security policy based on forced access to secure system resources, which was applied by Blackview to Active 8 Pro systems for the first time, aiming to improve the security of Linux systems and minimize the number of resources accessible to service processes in the system.

Security-Enhanced Linux

Kernel-level security process to effectively protect programs from rooting and attacks

B1-level military security performance, not easily compromised by vulnerabilities

Flexible mandatory access control structure with an enhanced level of security protection

Reduces the resources accessible to service processes in the system

Mitigates disasters caused by malicious attacks or malware

Provides a high level of security for information with high confidentiality and integrity requirements

System Manager

Free up More Space:

Cleanup frees disk space by removing junk files from rarely-used apps and cleans up the cache on demand for maximum tablet performance optimization

Game Speedup:

Optimize game performance with one-tap Clean-up RAM for smooth and lag-free gameplay.

Smart Power Saving:

Power saving mode helps to reduce battery drain by reducing unnecessary background processes and disabling some unnecessary features, which contributes to the maintenance of battery life.

App Management:

This feature offers complete control over apps. For example, it lets you know what information is

authorized to be accessed in the app, as well as which apps are auto-starting and auto-cleaning up, so you can make the best decision about whether they should be used or removed.

Data Migration Assistant

Data Migration Assistant helps you transfer data from an old Blackview or Android smart device to Active 8 Pro. Simply follow the prompts with a few taps, then after the old device scans the QR code you can start transferring the data you need to Blackview Active 8 Pro.

Cold Room

To prevent rarely-used apps from running covertly in the background, Cold Room temporarily freezes these apps to stop them from consuming more juice and traffic, you can easily unfreeze these apps when needed, which completely solves troubles from loading lag, and consumption of power and traffic.

Game Mode

Never Miss a Fighting

With a 10.36-inch 2.4K screen and Full HD+ resolution, details are clearly visible. The chipset upgrade makes the game operation smoother and more responsive. Plus, With Active 8 Pro's own game mode, focus on immersing yourself and never miss every fighting moment.

Game Recording

Active 8 Pro supports game recording, you can always record the wonderful game moments and a sense of accomplishment

The Upgraded Notebook

When it's inappropriate to express your feelings on social media, write down what you think, probably your whimsical thoughts, creative scribble, or to-do lists in the private Notebook.

Multi-layered Dark Mode

Smooth and Delightful

DokeOS_P 3.0 is a breath of fresh air, with its simplified icons and streamlined style, Not only does it look great, but it's also a breeze to interact with. Its all-new Dark Mode makes for a more comfortable visual experience and longer battery life.
