

HEADSET HYPERX CLOUDX FLIGHT/HX- HSCFX-BK/WW HYPERX

Model: 4P5J6AA

Manufacturer: HYPERX

Product Code: 193977

R3,666

Reliable wireless freedom with long-lasting battery life.

The HyperX CloudX Flight™ is an official Xbox licensed headset that provides wireless freedom for up to 30 hours^[1]. You'll keep your set up clean and free yourself from cords, but you won't have to fear missing out on important audio with the reliable 2.4GHz wireless connection. It features pliable leatherette and high-quality memory foam for signature comfort and tough, adjustable steel sliders for durability. The dynamic drivers produce crystal-clear highs, mids, and lows to keep you immersed in your gaming. When you're ready to take a break, the 90° rotating earcups rest comfortably around your neck.

The built-in headset chat mixer lets you adjust the balance of chat and game audio without having to dig into any system menus. You can also adjust the overall volume, mute the mic, and shut the power off with the easy-to-use earcup controls. This wireless headset also features mic monitoring, so you'll know how loud you're speaking in voice chat. An LED indicator on the mic will indicate your

mic's mute status, and the earcup lighting can be used to check charging status at a glance.

- Connect wirelessly with the USB adapter for guaranteed compatibility on Xbox One and Xbox Series X/S consoles.
- Gain wireless freedom for up to 30 hours^[1] without sacrificing important audio.
- The CloudX Flight has dense, high-quality memory foam that will keep you gaming comfortably during those marathon gaming sessions. The durable adjustable steel sliders are designed to help your headset withstand the perils of daily use.
- Conveniently adjust the mix of game and chat audio levels so you can balance what you want to hear without having to dig into the in-game or system menus.
- Dynamic drivers pump out crisp highs, clear mids, and rich low tones with enhanced bass for immersive audio ambiance.
- Easily spot whether you're muted with the convenient LED indicator, and check how loud you are with sidetone functionality. The mic can be detached when not in use or when the headset is being stored for travel.
- When you're ready to take a break, the earcups conveniently rotate so you wear the headset comfortably around your neck. The green earcup LEDs pair nicely with your Xbox setup and will also let you know the charge status of the headset.
- Quickly and easily adjust your audio, chat, and mic levels with the convenient onboard controls. Audible indicators let you make informed adjustments without you having to look at the headset for confirmation.
