BV4800 Pro

Built Tough for the Adventurous Spirit

6.56-inch Display

Indulge in the Visual Feast

With a large 6.56-inch screen and a solid, calm look, the intrepid BV4800 Pro boasts an 83% screen-to-body ratio for excellent picture presentation. Compared to phones of the same size, it offers a larger screen and more comfortable visual effects for your eyes.

Smart-K BOX Speaker

Let Every Note Move You

Feel every beat and every note with BV4800 Pro's Smart-K BOX speaker, taking your audio enjoyment to unparalleled heights with its powerful sound.

5180mAh Large Battery

Enduring at Its Core

The 5180mAh battery in the BV4800 Pro extends your joy throughout the day and beyond. The high-capacity battery reliably meets your productivity needs, whether for work or study, without frequently requiring a recharge.

5W Reverse Charging Support

Keep your devices alive on the go with the BV4800 Pro's reverse charging – your ultimate travel companion.

8MP + 16MP + 2MP Cameras

Record Richer Details

Portrait Mode

Always overwhelmed by cluttered backgrounds when taking photos? Portrait mode helps solve this annoying problem. It keeps the face clear while blurring the background, resulting in a photo that highlights the main subject.

Panorama Mode

The panoramic mode on the BV4800 Pro surpasses the field of view of regular lenses, allowing you to

capture a wider perspective and obtain more complete and comprehensive photos.

HDR Mode

Turning on HDR mode can help you capture spectacular landscape photos by balancing the light and dark areas, making them more vibrant.

Beauty Mode

The Beauty Mode on BV4800 Pro effectively blurs blemishes and restores natural skin texture while enhancing overall skin appearance.

1080P Video Recording

Easily record your day-to-day adventures, scenic views, and life's unique moments. The up to 1080P resolution makes sure that every video you share with your family and friends looks strikingly real and immersive.

1080P Video Recording

Max Performance, Minimized Consumption

Armed with an octa-core Unisoc T606 chip using sophisticated 12nm technology, BV4800 Pro strikes a perfect balance between performance and energy consumption, ensuring longer battery life and surpassing previous endurance limits.

Up to 12GB RAM=4GB RAM+ Up to 8GB RAM Expansion

Jumping out of Clumsiness

Insufficient memory storage will only make your phone sluggish when trying to switch to chat software while playing games like Genshin Impact. However, having 4GB of RAM coupled with 8GB of virtual RAM allows you to switch back and forth smoothly between multiple applications.
