Treat yourself to comfortable wireless audio

For gamers looking for a comfortable 2.4GHz wireless headset at a great price, the HyperX Cloud II Core Wireless headset is a standout performer. With a battery life of up to 80 hours^[1], the Cloud II Core Wireless has more than enough battery life for multiple days of gaming. Enhance your gaming and audio entertainment with premium DTS Headphone:X Spatial Audio^[2], and the Cloud II Core's 53mm drivers. Plush memory foam earcups and signature Cloud comfort ensure that you're able to stay focused on the win and keep yourself in the zone. Ditch the wires without fear of losing connection thanks to the fast, 2.4GHz connection. Easily mute your mic and adjust your headset's volume with the quick access controls right on the earcup.

- Nobody likes having to get out the charge cable when the game is on the line. 80 hours of battery life should help you kiss those annoying low-battery notifications goodbye.

- Lose the cord but not the performance, thanks to the fast wireless connection that keeps your audio sounding clear and in sync.
- DTS Headphone:X Spatial Audio^[2] helps improve sound localization and enhance the immersion of your games and audio entertainment.
- Enhanced bass reproduction with crisp highs, clear mids, and rich lows keeps you at the top of your game with accurate and captivating audio.
- Plush memory foam earpads swathed in premium leatherette help deliver a comfortable listening experience. Keep focused on your gaming, classwork, or tasks with the comfortable Cloud II Core Wireless.
- Save yourself the trouble of having to dig through system menus to find the audio controls. Conveniently adjust volume and mute the mic with the earcup controls.
- Ensure that you come through crystal-clear when you chat with your friends, co-workers, and classmates. The mic also detaches for easy storage when not in use.
- The aluminum frame of the Cloud II Core Wireless is also built to be long-lasting. A great headset for daily use.
