

HEADSET H820E MONO WRL/981- 000512 LOGITECH

Model: 981-000512

Manufacturer: LOGITECH

EAN: 5099206041622

Product Code: 194099

R2,763

Logitech's unified communications USB headset portfolio combines enterprise-quality audio performance with the human-centric design and user-friendly features Logitech is known for. Headsets that are comfortable, stylish and intuitive so people actually love to use them – further enhancing UC collaboration in your workplace.

The Logitech Wireless Headset Mono H820e features two clever LED lights: one that visually signals to others that you are on a call, preventing accidental interruptions; and the other that glows red when while on mute for visual mute/unmute status. On-ear intuitive control buttons and a boom mute button make it easy to operate calls, and the single-ear corded design is ideal for employees who prefer to have an open ear to their surroundings. The H820e Mono features acoustic echo cancellation and a noise-cancelling microphone to help eliminate background distractions in noisy workspaces.
