Wireless gaming at the speed of ultra-light.

The HyperX Pulsefire Haste 2 Mini Wireless is a precise mouse for gamers who want an ultra-light mouse with wireless freedom but want all that in a compact form factor that weighs less than 60^[1] grams. This mighty miniature mouse is 16% smaller than the Pulsefire Haste 2 Wireless but contains the same HyperX suite of high-performance custom components. It features dual mode wireless connectivity, allowing you to switch between 2.4GHz wireless and Bluetooth connections, and a USB-C to USB-A cable so you can charge while using the mouse in wired mode. The immaculate HyperX 26K Sensor delivers native DPI detection of up to 26,000 with a tracking speed of up to 650 IPS. Our custom HyperX Switches provide tactile, audible feedback on each satisfying click, and are rated for a lifespan of up to 100 million clicks. You'll also enjoy superior physical control of your mouse with

smooth, low-friction skates, and the included grip tape. Get the most out of every mouse movement with HyperX NGENUITY Software which lets you create macros for the 6 programmable buttons, customize your DPI settings, and personalize the RGB lighting^[2].

- All the goodness of the Pulsefire Haste 2 Wireless, 1/6th less space! Featuring the same HyperX high-performance custom components, built for gamers with smaller hands, or who prefer smaller mice.
- Get up to 100 hours of battery life on a full charge^[3], so you'll spend more time racking up wins, and less time charging on the sidelines. You can even play while charging with the included cable.
- Use the dongle to connect via 2.4GHz wireless or use Bluetooth Mode to connect to compatible devices.
- Game at the speed of ultra-light with the Pulsefire Haste 2 Mini. Even with a solid upper shell, it weighs just 59g^[1], designed to help you move quicker, game better, and feel less fatigue.
- Say hello to our HyperX 26K Sensor. It's capable of up to 26,000 DPI natively and can track at speeds up to 650 IPS. With that level of precision, making clutch plays has never been easier.
- Rated for up to 100 million clicks, HyperX mouse switches provide solid tactile and audible feedback on every satisfying click.
- Have ultimate confidence in your control with the smooth effortless glide of HyperX's low-friction skates, and 4 pieces of custom, residue-free HyperX grips to help provide a secure hold.
- Get the most out of every mouse movement. HyperX NGENUITY Software can set macros and binds for the 6 programmable buttons, customize DPI levels, and set RGB lighting.

[1] Weight of mouse only, not including charging cable.

[2] Per-LED RGB lighting is customizable with HyperX NGENUITY software.

[3] Battery life varies based on usage and computing conditions.
