Product Code: 194198

R2,242

The Logitech G433 7.1 Gaming Headset featured advanced audio technologies such as Pro-G drivers and DTS Headphone:X®, in a comfortable, lightweight, and stylish design. Patent-pending Pro-G drivers are optimized for both analog and digital sound reproduction regardless of the source. With the included USB sound card and DTS Headphone:X, G433 accurately replicates 7.1 speaker placement and audio positioning. The Logitech G433 includes a removable, high-quality boom microphone with a micro pop-filter for high quality voice chat. G433 is Discord certified by passing rigorous testing to guarantee crystal-clear communication and audio performance. G433 comes in four custom colors, Royal Blue, Fire Red, Triple Black and Camo Blue.

- DTS 7.1 + Pro-G™ – Hear your games as intended in 360-degree positional surround sound. Pro-G technology features hybrid-mesh audio drivers that solve common distortion problems to

deliver booming bass and precise highs. DTS Headphone:X functionality surrounds you in 7.1 channels of sound, so you put your head inside the game.

- Lightweight and comfort – Headset performance used to be confined to the gaming rig. Not with G433. Now, all that immersive audio is wrapped in lightweight, hydrophobic, stain-resistant fabric for gaming apparel as wearable as your sneakers. It's time to take PC performance out into the world.
- Sports-mesh ear pads – Crafted for long gaming sessions, our sports-mesh ear pads surround the ear and provide just the right amount of force to stay comfortably breathable and firmly in place. Bonus extra-soft microfibre ear pads are also included for your choice in style and comfort.
- Detachable, transformable – With noise-reducing boom mic and gaming cable in, G433 is a full-featured gaming headset. Detach the boom and switch to the included mobile cable to make G433 a streamlined, apparel headphone that goes where you go.
- Console compatible – PS4 and Xbox One get an upgrade with G433 sound. Use the included cables and plug straight into most console controllers.
