

## Access Point MIKROTIK 1200 Mbit/s LHG- 5AXD

Model: LHG-5AXD

Manufacturer: MIKROTIK

EAN: 4752224009654

Product Code: 194307

---

## R1,884

---

Need a fast, stable connection across large distances? Whether you're bridging two buildings, connecting a remote site, or sharing your internet with nearby infrastructure — the new LHG Wi-Fi 6 series is built for the challenge. And here's the best part: we've kept the same pricing as the previous generation. High performance, long range, and Wi-Fi 6 — all without breaking the budget.

The 802.11ax standard brings crucial improvements for long-distance wireless links — including better spectral efficiency, higher modulation rates (1024-QAM), and lower latency. That means stronger performance even in noisy environments and faster, more stable connections over a greater distance. Combined with WPA3 encryption and RouterOS v7, the LHG ax series is ready for the challenges of modern outdoor networking. Order yours today — and be ready too!

LHG 5 ax is compact, long-range CPE with a 24.5 dBi antenna. Perfect for links up to 20 km in most scenarios. Check related devices below for the XL version if you need a longer distance!
