The R-Go HE Break Mouse is an ergonomic vertical mouse with integrated break software. This smart mouse helps you remember when it's time for a break. The ergonomic R-Go HE Break mouse has a vertical position, so you will automatically move the mouse with your forearm instead of just your hand. This prevents strain injuries, such as CANS. The HE Break mouse has a round shape, so your hand and wrist are in a natural, relaxed position. The mouse fits comfortably in your hand and supports all fingers. Are you left- or right-handed? We have different versions and sizes available, so the mouse fits every hand. The LED colour signals in the mouse indicate how healthy you are working and when it is time for a break. The mouse encourages you to take breaks on a frequent basis. These vital breaks help prevent physical complaints, stimulate blood circulation in the body

and keep you fit during your working day. During mouse usage, the light changes colour, like a traffic light. Green means 'good job', orange that it is time for a break, red that you have been working too long. By using these subtle colour signals, you receive feedback on healthy (break) behaviour in a simple and positive way. This product works together with the R-Go Break Software that won the Benelux Office Products Award 2021.

- Ergonomic Design: AGR-certified vertical mouse. Brings hand and wrist into a natural position, preventing RSI complaints. Round shape and support surfaces provide optimal support
- With Led Pause Indicator: Prevent complaints with short breaks. The mouse works with patented Break software and indicates with LED color signals when it is time to take a break. This Break software has been awarded the Benelux Office Award '21
- Silent Mouse: Thanks to the silent buttons, loud clicking noises no longer bother you. Useful in the office or to not disturb others
- With 3-in-1 connection: Bluetooth, wireless via dongle, and with cable. The included cable can be used for both charging your device and connecting with your computer
- Adjustable Buttons and Compatible: the mouse buttons can be personalized. Adjustable DPI. Compatible with Windows 7/8/10/XP, Mac OS X 10.4 and suitable for desktop, laptop, PC, and MacBook
