

NET SWITCH ACC PSU 9W/2PIN PR3PREU6 TELTONIKA

Model: PR3PREU6

Manufacturer: TELTONIKA

Product Code: 195028

R230

EU 2-PIN POWER SUPPLY, 9W.

The **Teltonika PR3PREU6** is a **9W Power Supply Unit (PSU)** equipped with a **2-pin** industrial connector and a standard **EU plug**.

Where it is used:

It is specifically designed to power Teltonika's compact industrial gateways and modems, including:

- **TRB Series:** TRB140, TRB141, TRB142, TRB145, TRB245, TRB255.
- **TRM Series:** TRM240, TRM250.
- **TSW Series:** Smaller unmanaged switches (e.g., TSW110).

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Key Specifications:

- **Input:** 100–240 VAC (EU Plug).
- **Output:** 9V, 1A (9W).
- **Connector:** 2-pin terminal block.

[!IMPORTANT]

Compatibility Check: This will **not** work with RUT series routers (like RUT241 or RUTX11) because they require a **4-pin** connector.
