350-1400 (auto) MHz | Power consumption (max): 20 | Operating temperature (T-T): -40°C to 60°C | Voltage: (PoE in input Voltage) 24-57 | SFP+ ports quantity: 1 | Ethernet LAN (RJ-45) ports: 7 | Software type: RouterOS (v7 only) | USB ports quantity: 1 | Other features: Double the usual performance: we took your feedback from the MikroTik User Meetings to create the perfect home lab router: compact, powerful, with multiple powering options and efficient cooling. RB5009 has it all, and even more! The board features 9 wired ports and a full-sized USB 3.0. Seven of the ports are Gigabit Ethernet, another one is 2.5 Gigabit Ethernet, and the last one is a 10G SFP+ cage. All the ports are connected to a powerful Marvell Amethyst family switch-chip with a 10 Gbps full-duplex line leading to the Marvell Armada Quad-core ARMv8 1.4 GHz CPU. Both CPU and the switch-chip are located on the bottom of the board – so the case acts as a massive heat-sink! RB5009UG+S+IN can be powered in 3 different ways: a) PoE-in from Ethernet port #1 b) DC Jack c) 2-pin terminal on the side Boards come with 1GB of DDR4 RAM and 1GB NAND storage. This combination of ports and components, compared to our other products in a similar form factor, provides almost double the performance in configurations with heavy CPU loads. With a simple set of mounting accessories, you can mount FOUR of these routers in a single 1U rackmount space! No more server-room-Tetris, just pure productivity. | Reset button: Yes | USB version: USB 3.0 type A | Ethernet LAN data rates: 10/100/1000 | Wi-Fi band: No Wi-Fi | Mesh Support: No | Mobile Broadband: No mobile broadband | MU-MiMO: No | Antennas quantity: No antenna | Processor frequency: 1400 | Processor cores: 4 | Wi-Fi: No | Warranty: 12 | Certification: CE, EAC, ROHS | Internal memory: 1000 | Storage capacity: 1000 | Memory type: NAND | AC adapter included: Yes (24V 1.5A power adapter) | Gross depth master carton: 510 | Gross width master carton: 275 | Gross height master carton: 340 | Net weight master carton: 16.08 | Tare weight master carton: 0.811 | Palette Qty: 720 | Producer: MikroTik
