Samsung's MagicINFO Player feature expands playback functionality while offering businesses new possibilities to engage and inform target audiences. Whether in portrait or landscape format, MagicINFO showcases content at a uniform 4K UHD picture quality. This super-charged visual power also accelerates play and refresh rates to prevent lag or streaming delays, while also eliminating black screens or gaps as content transitions. The MagicINFO Player also accommodates up to three simultaneous FHD quality videos from multiple sources, enabling more diverse and captivating storytelling.

Product Description: MagicInfo Player (v. 7.1) - unified licence - 1 client | Product Type: Unified licence | Category: Online & appliance based services - digital signage software | Version: 7.1 | Licence Qty: 1 client
