

TP-LINK Archer C64 AC1200 Dual Band WiFi router

Model: ARCHER C64

Manufacturer: TP-LINK

EAN: 4897098683217

Product Code: 202891

R747

The TP-Link Archer C64 V1 is a wireless router designed to enhance connectivity at home or in the office. With four external integrated antennas, this router provides robust signal strength and coverage, ensuring stable connections in multiple rooms. The device supports various wireless protocols including IEEE 802.11ac Wave 2, delivering speeds of up to 867 Mbps on the 5 GHz band and 400 Mbps on the 2.4 GHz band, making it suitable for demanding streaming and gaming needs. Equipped with a range of features, the Archer C64 V1 offers multiple encryption standards such as WPA3 and WPA2-Enterprise, safeguarding your network from potential threats. The integrated 4-port switch enhances wired connectivity, while parental controls and Quality of Service (QoS) functionality allow for better management of network resources. Additionally, the device operates efficiently across a wide temperature range and is compliant with FCC and RoHS standards, ensuring reliable and eco-friendly performance.

Product Description: TP-Link Archer C64 V1 - wireless router - Wi-Fi 5 - desktop | Device Type: Wireless router - 4-port switch (integrated) | Enclosure Type: Desktop | WAN Ports Qty: 1 | Data Link Protocol: Ethernet, Fast Ethernet, Gigabit Ethernet, IEEE 802.11b, IEEE 802.11a, IEEE 802.11g, IEEE
