

MIKROTIK CSS318-16G- 2S+IN Gigabit Ethernet Switch 16X GBE

Model: CSS318-16G-2S+IN

Manufacturer: MIKROTIK

EAN: 4752224009227

Product Code: 203323

R2,972

The MikroTik CSS318-16G-2S+IN switch is designed to provide flexible and reliable network management. With a robust form factor and a total of 18 ports, this rack-mountable switch supports VLAN, MAC address filtering, and features for efficient traffic management such as broadcast storm control and bandwidth limiting. Its capabilities enhance monitor and control functionalities, making it a practical choice for various networking needs.

Operating efficiently within a wide temperature range of -40°C to 70°C, this switch meets diverse environmental demands. The included rack mounting kit ensures easy installation, while the external power adapter maintains low power consumption of just 10 W, contributing to energy efficiency. Suitable for small and medium-sized businesses looking to improve their network infrastructure.
