

HP 685 CFT Dual-Mode Keyboard Mouse Combo

Model: 8T6L7UT#ABB

Manufacturer: HP INC.

EAN: 198122954667

Product Code: 204030

R1,928

The HP 685 keyboard enhances efficiency and comfort in the workspace. Designed for versatility, it features a full-size layout with an adjustable height, providing ergonomic support during prolonged use. Its wireless 2.4 GHz connectivity enables a clutter-free desk, allowing you to work from up to 10 m away from your device. The keyboard supports a variety of tasks with its dual mode, multi-device support, and 23 programmable keys, boosting productivity with customized shortcuts and functions. The inclusion of a numeric keypad and low-profile key travel aids in quick and comfortable data entry. Beyond functionality, the HP 685 is a sustainable choice, using post-consumer recycled plastic in its construction. It also offers spill-resistant protection, safeguarding against minor accidents to maintain productivity. With compliance to numerous international standards, this keyboard is a reliable companion for any professional setting.
