QCY Elite Smartwatch (silver)

The QCY Elite smartwatch offers a crisp AMOLED HD display, a solid zinc alloy case and a steel crown for a sleek look and durability. With 24-hour sleep monitoring, menstrual cycle tracking and a comprehensive health measurement including heart rate, SpO2, stress and emotions, the watch supports taking care of your health on a daily basis. More than 100 sports modes will also be at your disposal. Bluetooth technology allows you to receive calls and play music, and the powerful battery provides up to 7 days of operation. IPX8 water resistance enhances the device's functionality.

Easy-to-read AMOLED display

The 1.19-inch AMOLED display with 390 x 390 pixel resolution provides sharp images and crisp colors. The Always-On Display feature provides a quick view of the time and notifications without having to wake up the screen. Four brightness levels allow you to adjust the image to suit the lighting conditions, and 2.5D glass protects the screen from scratches while enhancing the visual

appeal of the device.

Multiple dials to choose from

Personalize the look of your smartwatch. Choose from 6 exclusive dials designed specifically for the QCY Elite, or use the QCY app to find more than 100 additional designs, covering a variety of themes from classic to sporty and modern. You can also use your own photo.

Health monitoring

QCY Elite allows you to measure your heart rate, blood oxygen levels (SpO2), stress levels and emotions around the clock. The advanced Sleep Algorithm 2.0 analyzes the quality of recovery, recording sleep phases, time to fall asleep and wake up, and short naps. The smartwatch also helps track your menstrual cycle.

Full control from the wrist

Thanks to its Bluetooth function, the QCY Elite smartwatch allows you to answer calls without having to reach for your phone. You can also control music playback - all with just a few taps on the screen.

More than 100 sports modes

Whether you prefer jogging, yoga or cycling, you can monitor your progress with the QCY Elite. The smartwatch supports more than 100 sports modes, and automatic detection of the 5 most popular activities, such as walking or running, makes it easy to log your workouts. You can also conveniently track the number of steps taken and calories consumed.

Your personal assistant

Receive news alerts, control your smartphone camera, check the weather forecast and more! Download the QCY app and gain access to a host of practical features.

Everyday comfort

The soft material of the strap with an anti-overheating coating cleans easily, keeping your watch looking like new at all times. The QCY Elite is sweat-, rain- and splash-resistant according to the IPX8 water resistance standard, so you can use it during workouts in demanding conditions. Keep in mind, however, that the device is not designed for swimming or diving.

Non-stop readiness

The 210 mAh battery provides up to 7 days of use in daily use mode or 4 days in heavy use. Renew the smartwatch's energy with the included USB-A cable with magnetic connector.

Included:

- QCY Elite smartwatch
- Charging cable (USB-A with magnetic connector)
- User manual
