Zeblaze Btalk GPS Smartwatch (gray).

Looking for a smartwatch that not only looks great, but also realistically supports you in your daily activities? The Zeblaze Btalk 3 GPS is the perfect combination of style and modern features. With precise GPS, you track your workout routes, advanced health features monitor your well-being, and a built-in microphone and speaker let you take calls without taking your phone out of your pocket. Then there's the impressive AMOLED display, more than 60 sports modes and up to 25 days of operation on a single charge. It's the perfect gadget for active people who want full control over their health, workouts and daily tasks. Zeblaze Btalk 3 GPS works with the Fitbeing app.

Sleek, lightweight, stylish

If you appreciate elegant minimalism, the Zeblaze Btalk 3 GPS will not disappoint you. With a slim envelope (10.9 mm thick) and a weight of just 26.2 grams, the watch looks great and is almost imperceptible on the wrist. The silicone strap is skin-friendly and provides comfort all day long - from

your morning workout to an evening meeting. You can also change the look of the watch in a snap with the nylon strap included. The rotating crown makes navigating menus easy, so accessing apps is quick and intuitive.

AMOLED that impresses

The Zeblaze Btalk 3 GPS offers a large 1.43-inch AMOLED screen with a resolution of 465 × 466 pixels and brightness of up to 1,000 nits. This makes content readable even in bright sunlight. The Always-on-Display function allows you to have the most important information always in view, and a wide range of dials (more than 200 designs) allows you to match the look of the watch to your style and mood.

Workout how you want - 60+ sports modes

Do you run, bike, work out at the gym? Or are you just starting out with a completely new sport? Zeblaze Btalk 3 GPS adapts to your needs with more than 60 workout modes. It tracks distance, calories burned, pace and other key parameters, helping you perform better. And with built-in GPS, you can analyze your routes and monitor your progress without taking your phone with you.

Monitor your health around the clock

Your body gives you signals - all you have to do is read them. The Zeblaze Btalk 3 GPS monitors your heart rate, blood oxygenation (SpO2) and stress levels around the clock, and analyzes the quality of your sleep. You can also use breathing exercises to help you relax and reduce tension. The menstrual cycle tracking function further supports women's health.

Always in touch - calls and notifications

Don't have time to reach for your phone? Thanks to the built-in microphone and speaker, you can receive and make calls right from your wrist. The watch synchronizes with your smartphone, notifying you of incoming messages, app notifications or appointment reminders. It's a convenient and secure solution, especially when you're on the go.

Powerful battery for long days

You don't have to worry about daily charging. The battery lasts up to 25 days in power-saving mode, up to 14 days with standard use, and up to 7 days with intensive GPS training. Charging takes only 1.5 hours, so the watch is quickly ready for action.

Smart features at your fingertips

Zeblaze Btalk 3 GPS not only monitors your activity, but also assists you with daily tasks. Alarm clock, weather forecast, stopwatch or inactivity reminders will make sure that you are always up to date. The Find Phone function will help you quickly locate a lost smartphone, and the music control will let you control the player without having to take the phone out of your pocket. In addition, the Do Not Disturb mode will take care of your peace of mind during important meetings or workouts, and the SOS button will allow you to quickly contact a selected number in emergency situations. You can also remotely control the camera on your phone, making it easy to take pictures without holding the device in your hand. These are solutions that make your life even more convenient!
