

SILICON POWER SSD XPOWER XS70 2TB M.2 PCIe Gen4 x4 NVMe 7300/6800 MB/s

Model: SP02KGBP44XS7005

Manufacturer: SILICON POWER COMPUTER &
COMMUNICAT

EAN: 4713436146339

Product Code: 21035

R9,279

The SILICON POWER Xpower XS70 internal hard drive is designed for high performance with its solid state drive architecture. Featuring a compact M.2 2280 form factor, this drive utilizes PCI Express 4.0 x4 interface to deliver speed and reliability for demanding applications. It supports features such as DRAM cache, LDPC error correction, and RAID readiness, making it a choice for both gamers and professionals seeking efficient data management.

With a robust operating temperature range of 0°C to 70°C, the XS70 is built to withstand various environmental conditions, ensuring data integrity and performance longevity. The drive has a mean time between failures (MTBF) of 1,600,000 hours, reflecting its durability. With 3D NAND technology and NVM Express (NVMe) 1.4 compliance, users can expect fast data transfers and improved system responsiveness, ideal for enhancing overall computing experiences.
