R427

ANC mode with 4 microphones - noise cancellation

With four microphones and ANC (Active Noise Cancellation) technology, the Tracer S2 headphones effectively cancel out ambient noise, allowing you to better focus on music or calls. This way you have clear sound, without external obstructions.

Bluetooth 5.4 - Stable Bluetooth 5.4 connection

ensures a stable and fast connection to your devices. So you can enjoy a convenient wireless connection with a longer range, without interference.

Long battery life - up to 6 hours and 30 hours with the

case The headphones last up to 6 hours on a single charge, and with the help of the charging case, you can get up to 30 hours of operation. It's a convenient solution for long-term use without the need for frequent charging.
