Green certifications: Energy Star | Short summary:

**Dell Pro Slim Essential** is a business-class desktop computer designed for organizations that require reliable performance, a compact footprint, and simplified manageability. It is well suited for everyday productivity tasks and professional workflows in offices, educational environments, and managed IT deployments.

The Slim Essential chassis is engineered for durability, quiet operation, and ease of maintenance. It offers practical expandability, modern connectivity, and a balanced thermal design to ensure long-term reliability. The platform supports 13th/14th Gen Intel Core processors, delivering consistent performance for mainstream business applications.

This model prioritizes security, sustainability, and lifecycle efficiency. ENERGY STAR qualification, recyclable materials, and a unified BIOS help reduce environmental impact and simplify fleet-wide configuration. Combined with Dell ProSupport services, it provides a dependable foundation for modern IT environments.
