The Lenovo ThinkCentre M90q Gen 6 (13AC) is designed to meet the demands of modern professionals with its ultra small form factor. Powered by an Intel Core Ultra 5 processor with 14 cores and a maximum turbo speed of 5.1 GHz, this personal computer ensures smooth performance for a variety of tasks. It features robust connectivity options, including USB-C 3.2 Gen 2x2, HDMI, and DisplayPort, allowing for seamless integration with existing peripherals. Equipped with 16 GB of DDR5 RAM and a speedy 512 GB SSD, the system provides ample space for applications while enhancing data access speeds. The integrated Realtek ALC233VB audio codec contributes to high-definition audio experiences, making it suitable for both work and entertainment. With ENERGY STAR certification and MIL-STD 810H compliance, the M90q Gen 6 is efficient and built to withstand
