

SEAGATE Skyhawk AI 20TB HDD SATA 6Gb/s 512MB cache 3.5inch CMR Helium

Model: ST20000VE004

Manufacturer: SEAGATE

EAN: 8719706441339

Product Code: 301506

R15,870

The Seagate SkyHawk AI 20 TB internal hard drive is designed for performance in surveillance systems. With a substantial capacity of 20 TB, this hard drive can efficiently store high-resolution footage, offering a solution for security applications. Operating at a data transfer rate of 240 GBps and an internal data rate of 229 MBps, it ensures quick access to stored data, enhancing efficiency during monitoring tasks.

Built with features like ImagePerfect firmware and a robust helium sealed-drive design, the Seagate SkyHawk AI is engineered for reliability. It includes a rotation vibration sensor to maintain performance in environments with varying levels of vibration, suitable for extensive surveillance operations. Additionally, the drive has an MTBF of 2,500,000 hours, ensuring long-lasting use, and with a bundled 3 years of Seagate Rescue Data Recovery, users can be assured their data is protected.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
