Model: NPF-2181

Manufacturer: NATEC

EAN: 5901969444629

Product Code: 301528

R231

The Natec Chipmunk mouse pad with wrist pillow combines comfort and functionality for an enhanced computing experience. Designed with a memory foam wrist rest, it provides support to reduce strain during extended use, allowing for longer periods of comfortable operation. The fabric surface ensures smooth gliding for mouse movements, while the rubber base prevents slipping, keeping the mouse pad securely in place on your desk.

With its integrated wrist rest, the Chipmunk mouse pad makes it easier to maintain proper hand positioning and reduce fatigue. The non-slip design gives users confidence during intense work sessions, whether gaming or completing tasks. This mouse pad is a valuable addition to any workstation, delivering both comfort and stability.
