The Lenovo ThinkPad L16 Gen 2 delivers a powerful and efficient computing experience. With a 16-inch WUXGA display featuring a resolution of 1920 x 1200, this notebook ensures vibrant visuals. The IPS technology and anti-glare feature help reduce reflections, making it suitable for various lighting conditions, while the 400 cd/m<sup>2</sup> brightness level enhances outdoor usability. This model is equipped with a robust processor, the AMD Ryzen 5 Pro, featuring a clock speed of 3.2 GHz and able to turbo boost up to 4.7 GHz. Users will benefit from 16 MB of L3 cache memory and the capability for smooth multitasking with DDR5 RAM technology. With its lightweight polycarbonate ABS

construction, the ThinkPad L16 Gen 2 is designed for portability and durability, adhering to MIL-STD-
