The ASUS VA279QGS is a versatile 27-inch desktop monitor designed to enhance the viewing experience. With a Full HD resolution of 1920 x 1080, this monitor delivers impressive image quality, ensuring that visuals are sharp and vibrant. It features a horizontal and vertical viewing angle of 178 degrees, providing consistent colors from any position. The anti-glare coating minimizes reflections, allowing for comfortable viewing in various lighting conditions. Incorporating ASUS Splendid Video Intelligence Technology and Flicker-Free technology, this monitor is built with user comfort in mind. The fast response time of 1 ms ensures smooth motion during fast-paced activities, while low blue light technology protects the eyes during extended usage. Additionally, its adjustable height and tilt
