The AOC 24E4U enhances everyday computing with a sleek desktop display and vibrant visuals. With a 24-inch screen and a native resolution of 1920 x 1080, this monitor provides sharp images and clear text. The IPS technology ensures a wide horizontal and vertical viewing angle of up to 178 degrees, perfect for collaborative work or viewing from different positions. Built-in Flicker-Free technology and Eye Comfort mode reduce eye strain, making it suitable for long hours of use. The monitor features various connectivity options, including HDMI, DisplayPort, and VGA interfaces, along with a USB 3.2 Gen 1 hub for easy access to peripherals. With a brightness of 300 cd/m2 and a contrast ratio of 1500:1, this display produces vibrant colors and deep blacks. Adjustable features such as tilt, swivel, height, and pivot allow users to customize their viewing experience, ideal for various settings.
