The AOC Q27B35S3 is designed to deliver a visual experience with its 27-inch display and 2560 x 1440 native resolution. This monitor employs TFT active matrix technology to produce vivid images with an image brightness of 300 cd/m² and a contrast ratio of 1500:1. With a wide viewing angle of 178 degrees both horizontally and vertically, enjoy consistent and accurate colors from almost any position. The Anti-glare coating reduces reflections, making it easier to work or play in various lighting conditions. Equipped with Flicker-Free technology and Low Blue Light Content, this monitor ensures a comfortable viewing experience during prolonged use. The variable refresh rate (VRR) and Adaptive-Sync technology enhance gameplay by reducing screen tearing and stuttering. Featuring a power-efficient design with a consumption rate of 21 kWh/1000h in SDR mode, the Q27B35S3 seamlessly blends performance and energy efficiency, making it a reliable choice for home or office setups.
