and wide viewing angles of 178 degrees both horizontally and vertically. This monitor boasts a brightness of 350 cd/m<sup>2</sup> and a dynamic contrast ratio of 20,000,000:1, allowing for sharp images in various lighting conditions.

Built-in devices like a webcam and USB 3.2 Gen 1 hub add convenience for users, while the KVM feature allows for control of multiple devices using a single keyboard and mouse. With a response time of 4 ms and Adaptive-Sync technology, this monitor minimizes lag and provides a smoother gaming experience. The eye comfort mode and flicker-free panel contribute to reduced eye strain, making long hours of use more comfortable. Adjustable features like tilt, swivel, and height ensure that users can find the perfect viewing angle for any task.
