The Philips Evnia 3000 25M2N3200U is a 25-inch desktop monitor designed for an immersive viewing experience with its Full HD display. With a native resolution of 1920 x 1080, this monitor delivers clear images and vibrant colors across a wide color gamut, including 100% NTSC and 123% sRGB. The anti-glare coating and brightness of 400 cd/m² pair with features like SmartImage Game and Mega Infinity Dynamic Contrast Ratio, ensuring stunning visuals for gaming and multimedia consumption. This monitor also excels in performance with a response time of 0.3 ms and a V-Sync rate of up to 300 Hz, providing smooth motion and reducing lag during fast-paced activities. The flexible height, swivel, and rotation adjustments make it easy to find the perfect position for comfortable viewing. With connectivity options, including HDMI and DisplayPort, along with NVIDIA G-SYNC compatibility, the Philips Evnia 3000 25M2N3200U sets the stage for both work and play with a reliable and stylish design.
