The LG 27U631A-B 27-inch monitor delivers QHD resolution with a native resolution of 2560 x 1440, ensuring a sharp and vibrant viewing experience. Equipped with an IPS panel, this display boasts wide viewing angles of 178 degrees, which means colors remain consistent from different positions. The monitor features various modes, including Cinema Mode, FPS Mode, and Reader Mode, allowing users to tailor the display settings to their needs for gaming, movies, or reading. Additionally, the 3-side virtually borderless design enhances the aesthetics of any workspace, reducing distractions and maximizing screen real estate.
