The LG UltraGear 24G411A-B is designed for gaming enthusiasts seeking a vibrant visual experience. Featuring a 24-inch display with a viewable size of 23.8 inches, this monitor delivers Full HD resolution at 1920 x 1080. With a pixel pitch of 0.2745 mm and a brightness of 250 cd/m², it ensures clarity and detail in every frame. The advanced 120 Hz refresh rate and rapid 5 ms response time minimize motion blur, making it ideal for fast-paced gaming environments.

Equipped with AMD FreeSync and NVIDIA G-SYNC compatibility, it provides a smooth gaming experience without tearing. The monitor also includes Flicker Safe and Reader Mode for comfortable viewing, along with functionalities like Crosshair Display, Black Stabilizer, and customizable user-defined keys. With a wide horizontal and vertical viewing angle of 178 degrees, the LG UltraGear offers exceptional color accuracy and consistency from various positions, making it an excellent choice for any setup.
