The LG UltraGear 27G411A-B features a 27-inch display with Full HD resolution of 1920 x 1080, ensuring clear and vivid visuals for gaming and multimedia tasks. Equipped with IPS technology, this monitor provides a wide color gamut of 99% sRGB, delivering accurate color reproduction with vibrant hues. With a response time of 1 ms (MBR) and a 120 Hz refresh rate, users can experience smooth motion and reduced motion blur, making it ideal for fast-paced gaming. The anti-reflective coating minimizes glare, while the 178-degree horizontal and vertical viewing angles allow for clear images from almost any perspective, enhancing the overall viewing experience. Features such as HDR capability and Black Stabilizer improve visibility in darker scenes.
